

Leadership Team Backgrounder

Management Team - Experienced Business Leaders

Jim Mundell (Chief Operating Officer)

- 30 years operations experience in semiconductor, microelectronics, and contract manufacturing. Multiple startups.

Rick Scott (Chief Financial Officer)

- CFO of Cronos. Multiple startups; 1 IPO. Raised over \$100M for startup companies and \$800M in sale of two firms.

David Koester (VP of Engineering)

- Engineering leader in Cronos. Experienced in research/product transition.

Stephen Brooks: Director of Manufacturing

- 29 Years in microelectronics manufacturing management & start-ups. 15 Years Mitsubishi Semiconductor (DRAM), 5 Years Cronos (MEMS), 5 Years Amkor (Wafer Bumping).

Technical Team - World-Renowned Experts

Dr. Phil Deane

- World-expert in electrical interconnect technology; part of team that developed technology that went in to Unitive. Bell Labs, MCNC, Optical Process Control, JDSU.

Dr. Robert Vaudo

- 18 years of experience thin film materials processing and device optimization. Expert in epitaxial growth of III-V, II-VI and V-VI semiconductor materials.

Dr. Thomas P. Schneider

- 10 years of experience new device development and optimization. Expert in process optimization, applications of thin film epitaxy, product development and introduction.
